

# CT Transport Frame Offshore Services

## Offshore Coiled Tubing Transport frame

- Coiled Tubing Injector, Gooseneck and BOP are mounted for transportation in a solid transport frame to protect the individual items for damage during transportation.
- The transport frame is designed in such a way that minimum of personnel handling is needed while loading or unloading equipment.
- Additional space is created inside frame to be able to transport wellhead x-over and risers.
- Compact design to be able to use on small platforms.

## Certification

- DNV 2.7-1.

## Dimensions

	Transport frame
Width:	2.60 mtr
Length:	3.76 mtr
Height:	3.27 mtr
Weight:	13.000 kg
